EXPERIENCE

Web project development | Project department

Sep 2022 - Dic 2022

- During this period I developed several educational and commercial websites in order to participate in various national and international contests.

Key responsibilities:

- Project management.
- Web design development.
- Generate brand identity.

Tech stack:

React 18.2.0 | Tailwind 1.4 | Adobe Illustrator 2021 | Microsoft Office | Adobe Photoshop 2021 | React Native | Figma

Robot programmer | VexU team

Feb 2022 - May 2024

- I actively participated in the programming of autonomous robot routines so that I could meet the established objectives in order to obtain as many points as possible.

Key responsibilities:

- Program autonomous routines.
- Develop game strategies.
- Work as a team to achieve objectives.

Tech stack:

VEXcode Pro V5 | C++ | Preventive maintenance to robots

AWARDS

- **Excellence Award, Tournament Champions and Robot Skills Champion**
